WHAT IS THE SEBBM?

The **Spanish Society of Biochemistry and Molecular Biology (SEBBM)** is the leading scientific society supporting the advancement of all aspects of Biochemistry and Molecular Biology in Spain. The SEBBM was founded in 1963 and currently has over 3,100 members. The SEBBM contributed significantly to the creation of the Federation of European Biochemical Societies (FEBS) in 1964, represents Spain in the International Union of Biochemistry and Molecular Biology (IUBMB), and is one of the founding members of the Confederation of Scientific Societies in Spain (COSCE) and belonging to the Spanish Bioindustry Association (AseBio).

With over 3,100 members, the SEBBM is the leading scientific society in its field

THE MEETING

The **SEBBM annual meeting** has a rich tradition of bringing together attendees from academia, research and industry (currently over 700) who can present their work in more than 200 oral presentations and 500 panel presentations. The program includes plenary sessions, symposia and theme-focused meetings of the various SEBBM Scientific Groups and collaborator entities. The biochemical societies of Argentina, Chile, Mexico and Portugal, as well as the Panamerican Association for Biochemistry and Molecular Biology (PABMB) are regular collaborators of the SEBBM Meeting.

43 editions held
700 congress attendees
200 oral presentations
500 panel presentations

PARALLEL ACTIVITIES

The Scientific program of the SEBBM Meeting is complemented with a diffusion event entitled **Biochemistry in the City**, a research introductory course for students, and a professional development workshop for young researchers.

THE SEBBM JOURNAL

The SEBBM Journal was born along with the Society. **Published every three months, it is dedicated to scientific culture**, analyzing and reflecting on public and private research policies, and promoting the social values of science. Each of its issues focuses on a specific subject related to the latest and most relevant scientific, cultural and social events.

SCIENTIFIC DIFFUSION

The SEBBM carries out complementary **activities throughout the year to inform and promote Biochemistry and Molecular Biology**, including webinars on the latest research and developments of interest to our members, a scientific photo competition, exhibitions, conferences, workshops and specialist courses in collaboration with universities and research centers. It also participates in the Science Week and the Researcher's Night and collaborates with the Instituto Cervantes to disseminate and promote the scientific work carried out in Spain at home and abroad.

COLLABORATE WITH SOCIETY

At the SEBBM, we know that technological advances are key to further our knowledge, but we need to turn science into a product and help it to reach society in all its dimensions. That is why it is our goal as a Society to work hand-in-hand with technology enterprises. To that end, we have implemented a wide range of mechanisms to facilitate their participation in all activities of the SEBBM, and we work daily to find new ways that can be adapted to meet everyone's needs and enable links to be strengthened. Because it is in everyone's interest **to make our science a reality**.

COMMERCIAL EXHIBITION

The Floor Plan has been designed to maximize Exhibitors exposure to the delegates. The spaces will be assigned on a first come-first served basis (upon reception of the request).

BOOTH SPACE

The rental space includes:

- 2 exhibitor badges
- Cleaning of public areas and gangways
- Carpet
- Booth per 6sqm (3x2)

SHELL SCHEME RENTAL (3x2)

The **additional** price for the Shell scheme booth per 6sqm (3x2) is 300€. Includes:

- Shell scheme frame, basic lighting
- Fascia panel with standard lettering
- Carpet
- Table and 2 chairs
- Electrical outlet

Shell Scheme Stand Sketch
(For illustrative purposes only)

Please note: space only/shell scheme rental does not include any furniture, or booth cleaning. All these services and others will be available to order in the Exhibitors' Technical Manual.

ALLOCATION OF EXHIBITION SPACE

Space allocation will be made on a “first come, first served” basis. A completed Exhibition Booking Form and Contract should be emailed to ensure reservation of a desired location. Upon receipt of the Exhibition Booking Form and Contract, space will be confirmed and an invoice will be emailed. Please note that three alternative choices should be clearly indicated on the application form. Space allocations will be made in the order in which application forms with payment are received.

EXHIBITOR REGISTRATION

All exhibitors are required to be registered and will receive a badge displaying the exhibiting Company name. Check the number of delegates in page 4.

A registration form for exhibitors will be included in the Exhibitor’s Technical Manual.

EXHIBITOR’S TECHNICAL MANUAL

An Exhibitors’ Technical Manual outlining all technical aspects of exhibiting will be circulated 2 months prior to the event. It will include the following:

- Information about the Venue
- Final Exhibition information
- Contractor details
- Services available to Exhibitors and order forms

SITE INSPECTION

Exhibitors and Supporters are free to visit the Congress venue at their convenience. Please, contact Miguel Ángel Capiscol, mcapiscol@kenes.com, to arrange the visit.

EXHIBITION TERMS AND CONDITIONS

The Terms and Conditions of sponsoring and exhibiting are included in this Prospectus. Please note that signing the BOOKING FORM indicates acceptance of these Terms and Conditions. The Booking Form will be held as a valid liable contract, by which both parties will be bound.
